EURO 6 STEP D OPTIMIZATIONS

→ FUEL ECO

Thanks to its new Euro 6 engine and combined with the driving assistance system, the ranges T and T High perform a 3% fuel saving compared to the previous generation.

→ FINER PARTICLES FILTER

Drive longer, but also drive more sustainable, it's possible. Our particles filter is now finer, and so more efficient over time.

→ REINFORCED DURABILITY

Seat's valve made in cobalt anti-corrosion and SCR catalyser coated of vanadium : thanks to these new components the durability is strengthened.
